

## WRIGHT WILL FIGHT ANTI JAPANESE BILLS

As Likely to Become the Cause  
of International  
Trouble

AND AS INSULTING TO  
THE MIKADO'S KINGDOM

Attorney General's Railroad  
Commission Bill is Also  
Opposed

SACRAMENTO, Jan. 18.—Senator  
Wright of San Diego has announced  
his opposition to the anti-Japanese  
bills that were introduced by Assem-  
blymen Johnson of Sacramento, and  
Drew of Fresno. He declares the bills  
are unjust to Japan and are calculated  
to cause international difficulties.

Wright is the floor leader of the  
Republican caucus, and has the united  
strength of the organization behind  
him.

SAYS COMMISSION SHOULD  
NOT HAVE ENTIRE POWER

SACRAMENTO, Jan. 18.—The at-  
torney general's bill, approved by the  
governor, giving new powers to the  
railroad commission, is unsatisfactory  
to Senator Miller, who is to confer  
with Webb this evening in the hope  
of persuading him to include the re-  
ciprocated feature that Miller introduced  
in a separate bill a week ago. Miller  
does not believe that entire punitive  
power should be given the commis-  
sion. Senator Stetson is to father  
Webb's bill.

WILL INVESTIGATE ESPEE  
RAISE IN FREIGHT RATES

SACRAMENTO, Jan. 18.—Senator  
Caminetti turned his guns on the  
Southern Pacific today by introducing  
two resolutions, demanding the in-  
vestigation of the recent increase in  
freight rates and the conditions in  
San Francisco which allowed the  
Southern Pacific to lay plans for im-  
mense improvements on the water  
front at the foot of Van Ness.

SEEKS ADDITION OF 100  
MEN TO POLICE FORCE

LOS ANGELES, Jan. 18.—Chief of  
Police Broadhead has launched in  
earnest the campaign for an addition  
of at least 100 men to the city's pro-  
tective force. He said yesterday that  
he had started out among the busi-  
ness men, seeking their aid. Without  
exception, so far, they have tendered  
support to the movement. He believes  
a bond issue or an amendment rais-  
ing the tax limit are the only solu-  
tions of how to raise the money for  
the increase.

## AUTOS ARE BURNED BY THE HUNDRED

For Sunday Morning Boston  
Had Burned 'Mobiles In-  
stead of Baked Beans

BOSTON, Jan. 18.—Fire starting at  
dawn yesterday destroyed 400 auto-  
mobiles valued at \$450,000, burned  
all the sight-seeing machines in the  
city, wrecked six garages, destroyed  
the old train shed of the Park  
Square railroad station, containing a  
large pavilion and bicycle track, and  
for a time threatened hundreds of  
big business houses on Columbus ave-  
nue. The total loss will exceed \$800-  
000 and may run well up toward a  
million.

## VILLIFIED PRESIDENT; HALTED BY CONGRESS

Willetts of New York Startled Even  
Congress by Torrent of  
Bitter Abuse

WASHINGTON, Jan. 18.—When  
Congressman Willetts was in the midst of his bitter  
attack on the president today,  
the house by a vote of 126 to  
26 refused to allow him to pro-  
ceed, on the ground that he  
was "villifying the president."

WASHINGTON, Jan. 18.—Con-  
gressman Willett had given copies of  
his speech in advance to the press.  
When he was about three-fourths  
through and was making a charge  
that Roosevelt had treated Dewey,  
Schley and Miles badly, Hughes of  
West Virginia, arose to a point of order  
and said: "The gentleman from  
New York is out of order. He is read-  
ing a lot of rot the House does not  
care to hear. He is unnecessarily  
violating the privileges of the House."  
Butler of Pennsylvania, who was pre-  
siding, ruled that Willett was in or-  
der. Gardner of Massachusetts made  
a similar point, which was sustained.  
Willetts then took his seat. Bowers  
of Mississippi moved that Willett be  
allowed to proceed, but the motion  
was defeated.

WASHINGTON, Jan. 18.—President  
Roosevelt was attacked in a fiery  
speech of denunciation, brimming  
with bitter invective, by Representa-  
tive William Willett, Jr., a Democrat  
from far Rockaway, Long Island, to-  
day. Although Roosevelt's name was  
not mentioned, the speaker by innu-  
endo left no doubt as to the person  
designated.

The theme of Willett's remarks,  
was, briefly, "The Passing of Roose-  
velt." He alluded to the president as  
a "gargoyle," "tyrant," and "pigny  
descendant of Dutch tradespeople."

He dubbed the president a "hay-ted-  
der," from Roosevelt's hay pitching ex-  
ploits, and in a flood of invective called  
him a "fountain of billingsgate,"  
"an imitation king and bogus hero."  
"He plays at being a tyrant but he is  
a tyrant fearing a carnival tickler,"  
cried Willett. "He sees things hav-  
ing a bad smell, but the fresh breeze  
from capital hill does not let the odor  
linger. He tries our patience but he's  
always good to laugh at. Thank heav-  
en for things to make us laugh. With-  
out them we might easily become raw,  
untamed anglo-saxons. He was a cow-  
boy in youth and has never outgrown  
that. He was an unimaginable as-  
semblyman with preposterous notions  
in early manhood. He was a candi-  
date for mayor of New York, running  
third, with Henry George second.  
Then he was a police commissioner,  
scaring the members of the force  
with his Sherlock Holmes' exits, en-  
trances and perambulations. He be-  
came assistant secretary of the Navy  
and we behold him knifing his high-  
minded chief in the back. Then as a  
warrior he was saved at San Juan Hill  
by black soldiers. In Cuba he be-  
came the signer of an insubordinate  
round robin, which act any dignified  
war department would have punished  
by a court martial. As a candidate for  
governor of New York next, he was  
victorious by a mere fluke, with a  
false halo from San Juan Hill above  
his head. Then he was the beneficiary  
of an assassination as a last crowning  
piece of luck. He finally became the  
nominee for president when all the  
aggressive elements of the opposition  
desired that their own candidate be  
defeated. He is a mammoth of jocular-  
ity, and has got a laugh with every  
appearance; a gargoyle that has been  
funny from the hour he left his na-  
tive quarry."

## SOUTHERN IS OUT ON BOND

Sureties for His Appearance  
Are J. S. Ellis and W.  
F. Lindner

After two months and a half in the  
county jail, found not guilty of one  
charge of assault with a deadly  
weapon with intent to murder, and  
trial on another charge still to come,  
G. G. Southern on Saturday afternoon  
obtained bail and today he is out free  
to go as he desires until the day of  
his second trial in February. The  
bail was fixed at \$2000 by Judge West.  
J. S. Ellis and W. F. Lindner are sure-  
ties on Southern's bond.

## FIVE KILLED IN WRECK OF TRAIN AND BOX CARS

BEAGLE, Kans., Jan. 18.—Engineer  
John Cowden and four Italian track-  
men were killed and several Italians  
injured early today when the Missouri,  
Kansas & Texas train collided with  
box cars where the Italians were  
sleeping.

## BEAUTY DOCTOR SHOT AND KILLED HIMSELF

NEW YORK, Jan. 18.—John H.  
Woodbury, the famous beauty doctor,  
shot and killed himself today near  
Coney Island. It is believed the sui-  
cide was the result of troubles grow-  
ing out of a damage suit of \$10,000  
brought against him by Stephen Em-  
mons, a contractor.

## Burned to Death

JOHNSTOWN, Pa., Jan. 18.—Seven  
foreigners, stupefied by liquor at a  
wedding, were burned to death today  
in a fire that destroyed three double  
houses in Goodtown, near here.

## ASKING FOR MORE TRIPS

Representatives in Los Angeles  
Today Seeking Interview  
With McMillen

Representatives from Clearwater,  
Artesia, Garden Grove and Santa  
Ana are in Los Angeles today seek-  
ing an interview with General Man-  
ager McMillen of the Pacific Electric,  
with the hope of getting better car  
service on the Santa Ana line from  
8 o'clock p. m. until midnight. Mr.  
Flampton represents Artesia, Mr.  
Jencks represents Garden Grove and  
Mr. McNaught represents Santa Ana.  
The delegation will ask that cars be  
put on, one leaving Los Angeles at  
8:30 in the evening and the other at  
10:15. It will be asked that the last  
car out of Los Angeles leave at 11:30  
instead of 12:10 as now. The 5:10  
car is always crowded, and the sug-  
gestion will be made that a car be  
put on between 5:10 and 6:10.

## Black Hand at Work

MONONGAHELA, Pa., Jan. 18.—  
Eight alleged members of the Black  
Hand, were arrested today on charges  
of attempting to intimidate Miss Rosa  
Yanniel into placing \$400 where they  
could get it.

## ASKS FEB. 12 TO BE MADE A NATIONAL HOLIDAY

WASHINGTON, Jan. 18.—Presi-  
dent Roosevelt today, in a  
special message to congress, re-  
quested that February 12th, the  
one-hundredth anniversary of  
Abraham Lincoln's birthday, be  
made a national holiday.

## FLOOD STAGE IS YET TO BE REACHED AT RIO

Waters Have Been Pounding  
for Past Week at Weak-  
ened Levees

YOLO LOWLANDS UNDER  
WATER FOR MANY MILES

Russian River Out of Banks  
After Week's Storm; Hop  
Fields Have Suffered

SACRAMENTO, Jan. 18.—The is-  
land region along the lower portion of  
the Sacramento river is in great dan-  
ger today, as the east levees in the  
reclaimed districts are greatly weak-  
ened by the pounding of the flood for  
nearly a week, and the water is re-  
ported as still rising. The backwater  
has complicated the situation and  
created a strain which it is feared  
the levees will be unable to with-  
stand.

The river at Courtland, Walnut  
Grove and Isleton is still below the  
height reached two years ago, and  
the levees are stronger, yet breaks  
are expected.

After Yolo county's lowlands had  
been flooded late Saturday night, the  
water yesterday washed away two  
sections of the Southern Pacific trestle  
near Webster, drowning two  
Greeks.

Weather Observer Taylor today  
sent the following to Rio Vista:

"The river at Rio Vista will con-  
tinue to rise today and tonight, and  
will reach the stage of over eighteen  
feet. Warn all interested."

The river at this point was four-  
teen feet and five inches this morn-  
ing, and is rising rapidly. The flood  
stage is thirteen feet, and the high-  
est ever known there is eighteen  
feet, the mark Taylor says will be  
reached tomorrow. Taylor says the  
flood is subsiding slowly at all places  
except below Walnut Grove, where  
the highest water has not yet come,  
and where more than the flood stage  
is predicted. This means disaster to  
the lower islands. The Sacramento  
river this morning registered 28.5  
feet, a foot lower than the high wa-  
ter mark reached Sunday. The river  
is falling slowly.

## YOLO LOWLANDS HAS HAD FULL FURY OF FLOODS

SACRAMENTO, Jan. 18.—The Yolo  
country, lying on the opposite side of  
the river from this city, yesterday  
was inundated for miles by the waters  
of the Sacramento river, which tore  
through its levees early in the morn-  
ing.

Crops were ruined and the smaller  
buildings were swept away. By the  
efforts of forty men the famous Bor-  
cher's dairy farm, two miles below  
here, was saved. Earth and sacks were  
piled up to prevent the ranch from  
being swept by the waters, which did  
\$40,000 worth of damage to the place.

People in and around Broderick  
have been traveling around in row  
boats since yesterday morning, and  
the scene was one of desolation wit-  
nessed by thousands of people who  
journeyed over the river from the city.  
Women and children were taken in  
row boats to the Sacramento side.  
The river gauge near the bridge reg-  
istered 29 feet, and the highest point  
was 29.4 last night.

## Hop Fields Suffer

UKIAH, Jan. 18.—The Russian river  
has reached the highest point ever  
known here. It is out of its banks  
and flooding a large territory. The  
storm has been raging a week, and is  
showing no signs of abatement.  
The water is slowly receding, but  
the hop fields have suffered. Two  
bridges are down in Mendocino coun-  
ty.

## WALNUT GROWERS OF ORANGE ELECT BOARD OF NEW ASSOCIATION

ORANGE, Jan. 18.—Forty-seven  
walnut growers permanently organ-  
ized the Orange Walnut Growers' As-  
sociation on Saturday afternoon. A  
board of directors was elected, and  
the directors elected officers as fol-  
lows: President, R. M. Hargraves;  
vice president, J. A. Maag; secretary,  
H. G. Munhall; treasurer, J. R. Por-  
ter. The directors are D. P. Craw-  
ford of Olive, J. A. Maag, E. H. Dier-  
ker, R. M. Hargraves, H. G. Munhall.

Each director is a committeeman  
to solicit membership in the associa-  
tion. The movement of co-operation  
has taken strong hold of growers  
here, the benefits being apparent to  
those who have studied the question.  
Saturday the directors talked over  
the selection of by-laws to be used  
by the Orange association. The by-  
laws will be finally adopted at a meet-  
ing to be held next Saturday at the  
Santiago packing house.

## FINE OR PRISON, OR BOTH MIGHT STRIKE PULITZER

WASHINGTON, Jan. 18.—It was  
learned today that the government's  
action against the New York World,  
as a result of the publication of accu-  
sations in connection with the pur-  
chase of the Panama canal, has been  
started under a provision of the code  
of the District of Columbia, providing  
for a fine not exceeding a thousand  
dollars, or imprisonment not exceed-  
ing five years, or both.

Charles Taft, the brother of the  
president-elect, arrived today to testi-  
fy before the grand jury in connection  
with the World's alleged libels.

WASHINGTON, Jan. 18.—Presi-  
dent Roosevelt, as a private citizen,  
has been summoned to testify be-  
fore the grand jury in the World li-  
bel case. Roosevelt could not es-  
cape, and had to call off a little hunt-  
ing trip he had planned.

## LIGHTHOUSE FLEET IN TRIP AROUND THE HORN

SAN DIEGO, Jan. 18.—After a voy-  
age of one hundred and eighteen days  
from New York, one of the most  
unique fleets that has ever made the  
trip around the horn from the Atlantic  
to the Pacific came into port yester-  
day. It consists of lighthouse tenders  
Manzanita, flagship; Sequoia and  
Kukui, and lightships Columbia  
River 88, L. V. No. 93 and Relief No.  
92. All of the lightships and light-  
house tenders have been sent to the  
Pacific for service on the coast.

## MOYER LOSES OUT IN COURT

Supreme Court Rules Against  
the Head of the Western  
Federation

In Suit for False Imprisonment  
Against Colorado Labor  
War of 1904-5

WASHINGTON, Jan. 18.—The  
federal supreme court today  
upheld the circuit court  
against President Moyer of the  
Western Federation of Miners  
in his appeal suit for damages  
against former Governor James  
Peabody of Colorado, General  
Sherman Bell, and Captain  
Bulkeley Wells of the Colorado  
militia. The suit grew out of  
Moyer's imprisonment during  
the Colorado labor war in 1904  
and 1905.

GRIPMAN IS TO CLAIM  
MONTENEGRIN THRONE  
SAN FRANCISCO, Jan. 18.—  
Ambitious to rid Montenegro from  
a reign of tyranny, Bozo Gop-  
cevic, the gripman who mar-  
ried Miss Harry Fild, an heiress,  
is today preparing to depart to  
his native land to claim its  
throne, which he declares is his  
birthright. He also claims the  
throne of Servia. He says,  
however, he will grant Servia  
and Montenegro constitutions,  
and then abdicate and return to Am-  
erica.

## SUPREME COURT UPHOLDS TEXAS ANTI-TRUST LAW

WASHINGTON, Jan. 18.—The Tex-  
as state anti-trust law passed in 1901  
and amended in 1903, has been held  
constitutional by the supreme court  
of the United States. The court af-  
firmed the \$1,123,900 fine imposed by  
the state on the Waters-Pierce Oil  
Company.

## COMPROMISE MAY BE REACHED AT BEACH TOWN

SANTA MONICA, Jan. 18.—The air  
is filled with rumors of a compromise  
between the city and the trolley line.  
The ordinance declaring the Los An-  
geles-Pacific Railway Company's fran-  
chise forfeited has been finally passed  
and sent to the mayor. He will have  
it several days longer and the chances  
are that there will be no new devel-  
opments in the rebellion tomorrow  
night. So far as outward indications  
go, the city council is not back-ped-  
aling.

## SOCIALISTS BESIEGED PALACE HOLDING KING

LONDON, Jan. 18.—A dispatch  
from Dresden says that after meeting  
and protesting against the present  
property franchise and demanding  
universal suffrage, 5000 Socialists  
tried to storm the palace in which  
the King was passing the day.

Mounted police eventually repul-  
sed the Socialists, 24 of whom were  
severely, and 79 slightly, injured.

## MOVEMENT TO RECRUIT CO. L

Enlistment is Now Consider-  
ably Below Military Re-  
quirements

Commanding Officer Fears the  
Company Will be Mus-  
tered out of Service

A very commendable effort is being  
made by First Lieut. H. A. Wassum  
to recruit Company L, N. G. C. of this  
city. Lieutenant Wassum is in com-  
mand of the company, that has had  
no captain for the past six months,  
but he is expecting orders within  
the next ten days to hold an election. This  
election could not be held sooner  
since the resignation of Captain  
Greenleaf on account of military  
regulations.

The company now consists of only  
fifty men, all told, and this number  
will be further reduced between now  
and inspection day, March 4, by the  
expiration of the terms of five enlist-  
ed men. The requirements are 58 en-  
listed men and three commissioned of-  
ficers, and Lieutenant Wassum fears  
that unless the company is recruited  
before inspection day it will be mus-  
tered out of service.

The commanding officer feels that  
there ought to be enough patriotism  
among the young men of Santa Ana  
to keep the company up good and  
strong, and thinks if our citizens gen-  
erally, especially older men and wo-  
men who understand the importance  
of the National Guard, and realize the  
benefits, both moral and physical, de-  
rived by young men from military  
training and discipline—if such citi-  
zens would interest themselves a  
large number of recruits could be se-  
cured.

## PLUNGING TO RIVERS BED TRAIN WAS WRECKED

Mail and Express Cars Were  
Destroyed in Terrific Fall  
From Bridge

THAT THERE WAS NO LOSS  
OF LIFE SEEMS MIRACLE

Pasadena Woman and Child  
Were Injured and Little  
Child May Die

PUEBLO, Colo., Jan. 18.—A wreck  
which in its destructiveness rivals  
the horrible Rio Grande accident at  
Dotsero of last Friday night, without  
its fatalities, occurred last night,  
when No. 4, the St. Louis fast mail,  
which left Pueblo at 6 o'clock, was  
wrecked at Boone, forty miles east.

The train was running forty miles  
an hour. No cause is known for the  
wreck. The engine, followed by the  
entire train, left the rails and went  
down into the sandy bottom of the  
Arkansas river bed, where it is now  
lying. The mail and express cars  
are known to have been demolished,  
but the clerks and messengers escap-  
ed with minor injuries.

No lives were lost, which seems  
little less than a miracle.

The injured are: Emerson E. Fel-  
lows, engineer, Pueblo; Frank E.  
Houston, traveling man, Topeka,  
Kas.; Mrs. A. T. Arthur and little  
baby, Pasadena, Cal., both rendered  
unconscious by cuts on head, and it  
is feared the little girl will die.

The injured were taken to Pueblo  
on a special train.

## GOOD ROADS TO ENGAGE GOVERNOR'S ATTENTION

SACRAMENTO, Jan. 18.—Governor  
Gillett conferred today with directors  
of the California Good Roads Asso-  
ciation.

The governor is an earnest advo-  
cate of state highways and desires to  
know just what the association pro-  
poses to submit to the legislature.

After the conference the first state  
convention of the good roads associa-  
tion begins in the rooms of the  
Chamber of Commerce. It is expect-  
ed that nearly every county in the  
state will be represented. There will  
be a large delegation from Los An-  
geles, where a bond issue of \$3,500-  
000 for good roads has been voted.  
San Joaquin county, where a million  
and a half bond issue is soon to be  
voted upon, is much interested in the  
convention.

## PRESIDENT WILL PRESENT MEDALS

Wright Brothers to Be Hon-  
ored; Congress Will be  
Asked to Give Medal

WASHINGTON, Jan. 18.—Presi-  
dent Roosevelt will present the gold  
medals to the Wright brothers on be-  
half of the Aero Club of America in  
the East room of the White House  
some time next week. The medals  
chosen are the ones designed by Vic-  
tor D. Brenner, and will be of gold,  
three inches in diameter.

A bill will be drawn up by Con-  
gressman Herbert Parsons, of the  
Aero Club, petitioning congress to  
take official cognizance of the work  
done by the Wright brothers in pre-  
serving them with a medal in appre-  
ciation of the fact that the Wrights  
have placed Americans in the front  
rank in the science of aviation.

Salt Lake 4, San Pedro 3. The local Yellow Sox defeated the Los Angeles Edison team yesterday, 5 to 2.

Even up—that is just what it is, and it sounds mighty good to the local fans. To make it a bit clearer to the fan who does not understand, we will tell them that the Yellow Sox have won seven and lost seven, giving them a per cent of 500, landing them at the half way mark both in percentage and league standing. By taking the Wire Stringers into camp Sunday, the locals won their fourth straight game and their seventh of the season.

Thomas, the Los Angeles boy, who is said to have been signed up by the Chicago White Sox, was chased to the bench early in the game, the locals finding him for five safe bingles and the same number of runs. Walter Johnson was on the hill for the locals and held the electricians to three hits and two runs, which they did not deserve.

Locals Score Twice It was in the first inning that the locals started things going, but the visitors didn't have much of a show to do anything, as Johnson retired two of them by the fan-out method. Henline, who leads off the batting procession for the locals, received one on the leg, and La Longe was there with a neat sacrifice which landed Henline on the keystone sack. Altizer got one of Thomas's speedy ones on the elbow. Henline in the meantime worked his way down to the third station and the

captain immediately went down to the keystone bag, and Mott added to the trouble by putting a single in center field, Henline and Altizer scoring. That was all for this time.

The locals scored again in the second, Robinson making the circuit. Johnson was the first man to fan, and Robinson and Brown, the next two men, were given free tickets to the initial sack. Henline forced Brown at second, then stole the second sack back again and Robinson scored on Eagle's bad peg to Phiest.

## More in the Fifth

The locals went after more runs in the fifth. La Longe, the first man, drew a pass to first, Altizer popped to McCay, Mott was safe on Phiest's error, La Longe going to third, and Eagle in an attempt to catch Mott, made a wild peg which gave La Longe a chance to cross the rubber with the fourth run. Meats drew a pass and Donovan singled, filling the bases. Johnson came through with his second hit of the day, scoring Mott, Meats being nabbed at the plate, and Robinson ended it all by being a victim to the Phiest-Strang route.

The visitors were handed a couple of runs in the ninth out of pity. The locals did not want to shut them out and make them go home feeling bad. The dope sheet:

# QUICK TIME GOING EAST

Celery Gets to New York City Several Days to the Good

Ten, Eleven and Twelve Days Now Instead of Fourteen as Formerly

The Chicago Produce News has the following concerning celery:

NEW YORK, Jan. 8.—The railroads have been making phenomenal time in handling California cauliflower and celery. Some cars have come in from the coast on the night of the tenth day, while 11 to 12 days is usually consumed in route. Several years ago 14 days was about the best that the railroads could do. It is believed that the light movement of freight east between California and the Mississippi river is responsible for the better time.

"The supply of celery is about half of what is generally here at this season. Growers are realizing splendid profits and this will probably go down as an exceptionally favorable year. In order to somewhat supply the exceptionally strong demand, growers are cutting the stock before it is well bleached, but outside of this the celery is arriving in excellent shape. Owing to the falling off in demand after the holidays the market was inactive this week and prices were some lower. Rough stock brought \$5.25 to \$5.75 a crate, while washed brought 75¢ to 80¢ a bunch. Growers are still asking 30¢ on the coast. The weather there is dry and cool."

Sanford, Fla., expects to ship between 600 and 700 cars of celery, and shipments will begin about Feb. 1.

# ARIZONA AND NEW MEXICO MAY COME IN BEFORE MARCH

WASHINGTON, Jan. 18.—Arizona and New Mexico will be granted separate statehood charters before March 4. An agreement to this effect was reached last week. Senator Beveridge has been opposing their admission. President Roosevelt sent for the Indianan and asked him to withdraw his protests, and, yielding to persuasion, Mr. Beveridge will consent to remain passive.

Flint Recommended HUNTINGTON BEACH, Jan. 18.—In a personal letter, United States Senator Flint writes of the proposed new rural routes to be established from this town through the peatlands: "In my opinion, as a matter of fairness, the routes should be established as petitioned for by the people of Huntington Beach and vicinity, and I have so recommended to the department."

# An Extraordinary Offer

THE GREATEST EVER MADE BY ANY NEWSPAPER

Three Great National Magazines

# ABSOLUTELY FREE

For Old and New Subscribers

BUSINESS men advertise—frequently they make tremendous sacrifices to attract new customers. We believe in this policy, and practice what we preach by doing something each year to attract new subscribers and to favor our old readers who are entitled to an occasional good thing.

After pending several months in search of a premium, we finally decided we could not offer a better or more useful or attractive premium than a combination of high-class home magazines, and chose "World's Events," "Home Herald" and "Vick's Magazine" on account of their high character and literary quality.

We do not hesitate to say that we regard our offer this year to be the most extraordinary ever offered by any newspaper in this vicinity. We offer these three magazines in connection with a new or renewal subscription to our own paper on such favorable terms that we do not see how it is possible for a single reader not to take advantage of it. We want you to read every word of this announcement. Read the description below of the three magazines. Read the terms of our offer and accept at once.

# World's Events

"THE WORLD'S NEWS AND THE WORLD'S VIEWS"

World's Events is a modern magazine of current thought and action, issued on the first of every month and profusely illustrated. It contains the world's news and the world's views covering every important event of social, scientific, political and educational character. The latest discoveries in science and invention, commerce and industry are noted in its pages, illustrated and discussed. The larger features of the month are treated in feature articles by experts, while the smaller happenings are condensed and classified and presented in an interesting and telling manner. Side-lights on celebrities, the current stories and anecdotes of the great and near great, are scattered through its pages in a way that makes these characters real and interesting to the general reader. Those who wish to know the trend of world history and world thought without reading hundreds of papers may do so easily through the assistance of this magnificent publication. It contains the best thought of the day on the problems of the age.

World's Events is absolutely spotless on every page and will not accept any of the undesirable advertising which makes most of the current magazines objectionable for family reading. It is the ideal monthly for the home. It has 36 pages with cover in colors.

# Home Herald

"A PAPER WITH A PURPOSE"

The Home Herald is an independent family weekly of twenty pages, fully illustrated. It is one of the most reliable, popular and influential publications in existence. It has an enormous circulation all over the world and it has probably a larger percentage of subscribers who renew their subscriptions year after year than any other weekly journal.

The beautiful covers in colors are prepared by well known artists. Its fearless editorial treatment of current events and its feature articles by men prominent in public life make the Home Herald indispensable to those who desire to keep in touch with public opinion affecting great issues and problems in the home.

Among some of the well known contributors in recent numbers have been Wm. Howard Taft, William Jennings Bryan, James S. Sherman, Governor Hanly of Indiana, Governor Folk of Missouri, Dr. Washington Gladden, John Balcolm Shaw, Charles M. Sheldon, Booker T. Washington, John V. Farwell, Bishop Samuel Fallows, G. Campbell Morgan, John C. Havemeyer, President Blanchard and Dr. A. C. Dixon.

Judge McKenzie Cleland who has been a subscriber for fifteen years has recently said:

"Of all the papers that come to my house, the Home Herald is one of the brightest and best and most highly prized. My children are always eager for it and we all like it and feel that we could not do without it. I enjoy a paper that dares to be original, independent and fearless."

# Vick's Magazine

"A PERIODICAL OF PROGRESS"

Vick's Magazine, founded in 1878 by the eminent pioneer seedman and philanthropist, James Vick, has ever been the leader among the publications of its class. It is essentially a home magazine and maintains that direct personal interest in its subscribers, in the same way that its founder did over thirty years ago.

Vick's Magazine is distinctively a "Booster Magazine," boosting every good thing worth boosting. Therefore, the chief aim of Vick's is to show how the graces of human nature may best be cultivated by giving in cheery and breezy narrative, story or verse, interesting exhibits of good things that may be done in the cultivation of a light heart and a happy good nature.

Vick's Magazine has some very special numbers coming, among them, "The Enjoyable Farm Home," "The Orchard Bountiful," "The Home Garden," "The Country Beautiful," etc. All this matter by the most renowned writers in the United States.

Vick's Magazine has a real, positive and practical value to its subscribers. Through its many departments, in charge of a corps of capable editors, it reaches every interest of the home. Notice the following interesting departments: Floral, Garden, Household, Clever Ways of Doing Things, Fashions, Dressmaking, Fancy Work, Home Building, Question Box, Poultry, etc. Vick's Covers are in two colors, 36 pages, printed on good stock.

# Here Is Our Offer

## GREEN FIELDS FOLLOW RAIN

The rain coming just in the nick of time has done untold good to the whole country. Grass has started up on all the bare spots. Barley sowed before the rain is covering vast tracts with a delicate greenness already and the whole of nature is washed fresh and clean. The rain, falling gently, has soaked into the soil thoroughly, doing the most good possible with every drop that fell. It has put the ranchers and business men into the best of spirits, so that, take it all in all, nature and man in Southern California are just now at their best, happy in the present and hopeful for the future.

## CLOSE GAME WITH RIVERSIDE TEAM

Orange Y. M. C. A. team played an interesting game at Riverside last Saturday. Riverside has as pitcher and catcher two boys from the Indian school who did fine work for them. Morrison pitched for Orange. The score was 2 to 1 in favor of Riverside. Following was the team from Orange:

Manager, Geo. S. Harper, Morrison, Witt, Pratt, Reeves, Slaback, Meehan, Carpenter, Valencia. Meats was unable to attend the game.

### Turkey Dinner

## AN EASY VICTORY FROM FULLERTON

High School Boys Won Saturday's Game by a 7 to 1 Score

O. U. H. S. baseball team played Fullerton on Fullerton's grounds on Saturday last. Orange won, carrying everything before it, the score standing 7 to 1. Kelly, the new pitcher, did great work for Orange.

Huntington Beach comes to Orange on Saturday next to play a regular league game. Orange beat Fullerton; Fullerton beat Huntington Beach; Orange will beat Huntington Beach, Q. E. D., which is logic even if it should not work out that way.

## MAKING PLANS FOR CONVENTION

El Modena Young People Will Entertain County Delegates in May

EL MODENA, Jan. 16.—The Y. P. S. C. E. held a call session last night to consider plans for the coming county convention which is to be held at this place in May next.

The monthly business meeting was held at the home of Miss House on Chapman at which they discussed ways and means of accomplishing more as a class. Mrs. Granger was not able to be with them on account of the jolly run the horse took the other evening.

The officers of the Domestic Water Company met at 7 o'clock this (Saturday) morning on Alameda street to discuss and investigate the new improvements in the pipe line for that street. Mr. Crist was a business visitor to the city Friday to look after pipe of different makes and he made his report this morning.

The fine rains were a welcome guest to every farmer of every kind, for the gardener as well as the grain rancher were feeling doubtful about planting.

Miss Josie Crist was a visitor at Oceanside today as one of the O. U. H. S. basketball girls who play the Oceanside team today.

## FIRE LEAVES THIRTY ORPHANS WITHOUT BEDS

HEALDSBURG, Jan. 18.—Two hundred children fought a fire which early Saturday destroyed one large cottage at the Lytten Springs Orphanage, the industrial farm. No one was injured. The money loss will be \$3000.

The burning of the cottage leaves thirty children without beds. An appeal has been made for clothes and aid to rebuild the cottage.

## GAME WAS CLOSE AND FULL OF VIM

Orange Girls Defeated Oceanside Team by a Score of 30 to 27

The girls basketball team of the O. U. H. S. went to Oceanside on the 9:45 train on Saturday and had a fine game with the high school at that place. The team had their pretty new suits for this trip and presented a fine appearance. Mr. Barker accompanied the team, who carried with them two subs, Mabel Peterkin, sub forward, and Ethel Ensign, sub guard.

Following is the line-up: Winnie Perkins, Elva Witt, forwards; Ollie McCollum, Josie Crist, centers; Mae Peterkin, Florence Flippen, guards.

Mr. Barker reports it the finest game he ever witnessed, being evenly matched and the girls of the two teams playing almost goal for goal. The score at the close stood 30 to 27 in favor of Orange.

Oceanside will play Santa Ana on the high school court at Santa Ana on Tuesday and on Wednesday will come to Orange and play the O. U. H. S. on their own grounds.

## CLOSE SCORE WITH ORANGE VICTORIOUS

The Center street grammar school boys basketball team played Santa Ana Central on the Santa Ana high school court, with a victory for Orange. The score stood 16 to 15.

## PERSONAL

Miss Henrietta Sanders left today for Iowa, going by the Salt Lake route. She will be gone for an indefinite length of time.

Ralph Fuller made a business trip to Riverside on Friday.

F. C. Thompson, D. C. Pixley and Mr. and Mrs. N. T. Edwards made a party for Yuma, Arizona, leaving on Saturday morning. They will be back tomorrow or next day.

Mrs. J. R. Haddock of Pasadena was a Sunday guest in the H. B. Chandler home.

Mr. A. D. Bishop was married in Los Angeles recently. He and his bride returned to Orange about a week ago. They are intending to build soon.

Mr. Fiene of Iowa arrived last evening on a visit to his brother, Carl Fiene. When he left Iowa the thermometer was 24 degrees below zero.

Al Boulanger has been ill for the past week and is not so well this morning.

Miss Marie Jefferson of Los Angeles is visiting with the family of R. W. Jones.

### Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has enervating distress or heavy full feeling in stomach, faint spells, dragging-down feeling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic cancer, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected, badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional endorsement of each of its several ingredients—worth more than any number of ordinary non-professional testimonials. The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrap and attached under each. In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system, and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult by letter, free. All correspondence is held as strictly private and sacredly confidential. Address World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y. Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

## ANOTHER POINT OF VIEW

The Register gave fully and fairly, in its Saturday issue, the point of view of those county officers who are seeking to have provision made for more assistance in their respective offices at the expense of the county. The figures showing increase in the volume of business transacted since 1900, when the present salaries were fixed, are certainly convincing on that point—THE INCREASE OF BUSINESS. That the cost of the service has increased in the same ratio may be a fact, BUT IT DOES NOT NECESSARILY FOLLOW. Also it may be that the salaries fixed in 1900 were at such figures as to constitute fair compensation for MORE WORK THAN WAS THEN REQUIRED OF THE SEVERAL OFFICERS.

Another point for consideration is this. While the volume of business is much greater now than it was in 1900 it is not very much larger now than it was in 1906 when the present officers made strenuous and successful effort to secure election to the offices they now hold AT THE SALARIES THEY NOW RECEIVE.

All this is said, not in arbitrary antagonism to the proposed raise of salaries—for that is what it amounts to,—but in order to present the other side of the question for consideration.

As the Register has already stated, it believes fair dealing demands—at least it will warrant—some increase of compensation for some officers, and all the requests made may be right and reasonable.

It is the business of taxpayers to find out, through some representative body like the Chamber of Commerce and instruct our legislative representatives accordingly.

## A BUSINESS PROPOSITION

Speaking at the annual banquet of the Riverside Business Men's Association, on the subject, "Our Credits," Geo. N. Reynolds, the biggest of the orange city's merchants, said many things that cannot fail to interest not only the business men of Santa Ana but their customers as well. We will quote Mr. Reynolds, without using quotation marks, as follows:

The present system of credit in the retail business is discriminating and unfair to the cash customer. In the wholesale business when a merchant buys his goods they are subject to certain terms, which vary according to the line of business, but the principle is the same.

For example, you buy a bill of goods of 60 day's time, which is subject to a discount of 3 per cent if paid in ten days, 2 per cent in 30 days and net in 60 days. This is an incentive to the merchant to pay his bills promptly to get the benefit of the discount, but if he fails to take advantage of the discount the wholesaler does not lose anything, but is paid for the use of the money that he, no doubt, is borrowing to carry the account.

How different it is with the retail merchant and his customers. As an illustration, you and I go into a store together to each make a \$5 purchase. You lay down your \$5 for the article and I say, "Charge that to my account." Now, assuming that I do not pay that account for 90 days, which is the case with a great many of your accounts, the merchant, as most of us do, is borrowing the money at the bank to carry these accounts. If he is paying 8 per cent for the money, that would be 10 cents interest he would pay on that \$5 for 90 days. You send out three monthly statements, on which the postage costs 6 cents and the stationery about 4 cents, not including the expenses of the clerical help. That makes 20 cents he has paid out on this \$5 account, which would be equivalent to 16 per cent per annum, which advantage he gives to the man who has his goods charged. It would seem as though the advantage went to the wrong person.

There are few merchants who make this much net profit in their business, and I contend that there is no profit in accounts that run 90 days or over. The merchant substitutes himself for the banker. He goes to the bank and borrows in large amounts and does it out to the customer in small amounts in the shape of merchandise, which to him is the equivalent to cash, without any charge.

Illustrating further, suppose the merchants were all to go on a cash

basis, and there was a central organization, call it a bank, whose business it was to loan money. The customer would come in and say, "Charge this purchase to my account." We would say, just go over to the bank and they will loan you the money." The customer would say, "Why, they will charge me interest over there." You would say, "Yes they will charge you for the accommodation of the loan according to the length of time you require it, but you will pay just the same for your merchandise as anybody else." Would not that be fair? Would you not rather sell your merchandise for a little less, and would not you welcome such conditions? Would it not be of mutual interest to both customer and merchant?

Riverside would get the reputation of being a good town to trade in because merchandise would be sold close. The average customer who buys things on credit, if he had to go and borrow the money to pay cash for his purchases, would do without many things that he now buys and has charged. It would help them to acquire the happy faculty of paying as they go instead of being several months behind with their accounts.

I recently saw a large advertisement appear in the daily papers of a city in Canada, to which the names of all the shoe merchants were signed, saying they had mutually agreed to sell for cash only and would be able to sell much cheaper, and offered it as a further inducement for people of the surrounding towns to come to that city to trade.

There was no secrecy about the plan. They believed they were helping the public as well as themselves in doing this.

There has been some question about the advisability of keeping secret the fact that the Business Men's Association has a printed list of all the people who run their accounts 90 days and over. I fail to see any reason why it should be a matter of secrecy. It is a matter of mutual interest.

The commercial agencies have every one of us rated, just what we are worth and how we pay our bills. It is to the interest of every good merchant that such should be the case. The less percentage of failures a wholesale house has to meet the closer margin they can afford to sell to merchants on. The same conditions apply with us.

The Register heartily commends the efforts of Lieutenant Wassum to recruit Company L. N. G. C., of this city. Our citizen-soldiers are the country's strongest defense, and any young man ought to be proud to belong to it. Moreover, the training and discipline are of incalculable value, both moral and physical.

Perhaps the handsomest publication of its kind and class ever issued is the Tournament of Roses number of the Pasadena News. The illustrations are profuse and of the highest type of photo-engraving printing, and the descriptive matter and special articles are of exceptional literary and editorial excellence.

## FROM ORANGE COUNTY PAPERS

**Cartwright Anti-Trust Law**  
Orange Post: The Orange Post has received a communication from the California State Board of Trade asking us to bring the "Cartwright Anti-Trust Law" before our chamber of commerce for an expression of its opinion as to the merits of the law. We have turned the circular letter over to the secretary and may hear from it later.

Years ago the Post pointed out the difficulty of enforcing the Sherman anti-trust law against combinations for unfair and dishonest purposes, and of ignoring combinations for self-protection and worthy purposes. The reason why these predictions of trouble have not come to pass is the same as with the Cartwright anti-trust law, the law has not been enforced. President Roosevelt has asked congress to amend the Sherman law to overcome this difficulty, and it might be well for the legislature to amend the Cartwright law to the same end, if it can be done, and if it is necessary to have both Federal and state law on the same subject.

**Santa Ana Bulletin:** Indications are that considerable railroad legislation will be considered at the current session of the California legislature, and a reciprocal demurrage bill is included in the list. This is a matter of vital importance to the producers of Southern California. As matters now stand, when a shipper orders a car and fails to send it out in the specified time, he must pay a penalty for each day's delay, but there is no corresponding penalty when the railroad fails to handle a shipment as promised. In return for the special privileges granted them the railroads are theoretically bound to handle all business offered them promptly, but this does not always work out in practice. Sometimes the failure to furnish cars is due to freight congestion; sometimes to willful discrimination. The plea advanced in times of freight stress that the roads are doing the best they can does not help the shipper of perishable products any; and, when the shipper is doing the best he can to get out a delayed car he has to pay demurrage all the same. All the producers want is a law that will work fairly both ways.

Fullerton News: There is every indication that race track gambling is to receive a pretty severe jolt at the hands of the present legislature. California is the only state in the Union where race track gambling is tolerated, and she is receiving a lot of cheap advertising on that account that gives the rest of the world a wrong impression. With the opening of the race track season in Los Angeles comes the daily reports in the newspapers of hold-ups, burglaries and other crimes committed by the followers of the race track circuit, who flock to this sunny clime to prey upon the public.

**Santa Ana Bulletin:** The California legislature has made public confession of its venality. By excluding lobbyists from the floors of the houses, an action which everybody knows was aimed at the "People's lobby," the members have admitted that they are afraid to have close tab kept on their actions. It is a notorious fact that for years represen-

tatives of the railroads and other special interests had free run of the floor, and publicly directed legislation therefrom and there was no objection. But when men go to Sacramento in the interests of the public they must be suppressed. Men whose intentions are honest could have no objection to the People's lobby, for, whether practical or not, it is harmless. In the future machine lobbyists will do their work equally well from the outside, and the solons will escape unpleasant observation.

Huntington Beach News: A negro escaped last week from the Bakersfield jail by disguising himself in a pair of white duck trousers. These studies in black and white were always puzzling.

Huntington Beach News: Newport is "dry." Porterville is about to vote the same way. If towns whose names include port and porter can abolish saloons, why should one wish to get full at Fullerton?

**One Minute Sermons**  
By the Old Man, in Fullerton News: Man is essentially a complaining creature, but the citizen of this great and glorious land should not complain too much. Read the story of the Soudan and then thank God that you live in America. The trouble is that there are so many good things in this great country, a mere trifle seems greater than it really is. Look at the people of the Congo today under the beneficent rule of Leopold. The right hand of the inhabitant is cut off for the slightest infraction of rules. Mothers and daughters are stolen and the fathers are killed. Look at Italy, where every fourth man is a beggar. What's the use of kicking? Three meals a day, a place wherein to sleep, a good book, and nobody will molest the American so long as he pays his taxes. Everybody can't have horses or automobiles. There wouldn't be enough to go around. Besides, perhaps some of these horses and automobiles are not paid for. There's comfort for every American who wants to work. Besides, one does not want to believe so much in the so-called army of the unemployed. Any man who wants work ought to be able to get it. The trouble is that some men who are out of work are too particular. They want a certain kind of work and a certain sort of wages, the right man who is out of work will take anything that comes along until something better shows up. He is the sort of a chap that makes a good American citizen, but the other fellow ought to read up history a bit—and then America will be good enough.

## TUFE MAY PROVE TO BE OF USEFULNESS

The experiment of "Tufe" for building purposes will be watched with great interest, as from the description given in dispatches indicating the intention of the government to test its qualities, indicate that it will be good, cheap material.

Secretary Fairfield is preparing for a double experiment in the San Carlos Indian Reservation in Arizona. There is found on that reservation a peculiar stone which is called "Tufe" or "White Ash," which is peculiar to the reservation. When first removed from the quarries it can be cut with an ordinary knife, but it hardens when exposed to the air. It is as light as wood and there is a great demand for it in the vicinity of the reservation for building purposes.

The secretary has asked congress to set aside three sections, or almost two thousand acres of land, within the reserve in which this stone is to be found for the use of the Indians. He thus expects to experiment with the stone itself and at the same time ascertain whether it is possible to get the Indians to work in developing it and demonstrating its usefulness.

The Secretary thinks that if the stone possesses the value attributed there will be a general demand by builders for it, especially in the Southwest, where timber is scarce.

## He "Thought" Right

Professor George Porter, principal of the Hallsville schools, has continually told the pupils that they should think twice before they speak. One cold morning last week Professor Porter backed up to the stove, after having given expression to his famous adage, when a little boy on the front seat, after having been given permission to talk, said:

"Professor Porter, I've thought once."

"Think again," he replied.

"I've thought twice," said the youngster.

"Yes, sir. I thought your coat-tail was a scorchin'; now I think it is a blaze," replied the obedient urchin.—Hallsville (Mo.) News.

## "BUY AT HOME WEEK" TO BE HELD BY MERCHANTS

SAN BERNARDINO, Jan. 18.—A "buy at home week" is to be held by the business people of this city, the plan having been evolved by the Merchants' association to combat the attempts of Los Angeles to attract trade.

The merchants of this city propose to put up a list of bargains that will show the people they can trade at home and save money. Other towns in this section, Redlands, Riverside, Ontario and Pomona, are also alive to the plan and will hold similar bargain weeks.

## "EMMANUEL MOVEMENT" LEADER COMING TO COAST

BOSTON, Jan. 18.—The "Emmanuel movement" for the cure of nervous diseases is to spread to the Pacific coast. Rev. Dr. Elwood Worcester, rector of Emmanuel church here, the originator of the idea, left today on a tour of several months. He will make his headquarters in San Francisco and will propagate his theory in all the coast cities.

## STORE WAS BURNED AFTER THREATENING LETTERS

SAN DIEGO, Jan. 18.—Four lives were imperiled this morning in a fire believed to be of incendiary origin. Threatening letters have been received for the past two weeks by Louis Frennett, the owner of a grocery store, saying, "Stop keeping your grocery store open on Sundays or be burned out." Frennett got his family out in their night clothes barely in time.

## America of the Future

Orators from President Roosevelt down, express the opinion that from the fusion of the many racial element in the United States will come a type, the American of the future, which will represent the highest product of human development.

In an article on "Races in the United States," in the current Atlantic Monthly, William Z. Ripley makes a query which does not indicate the same absolute faith in the amalgamating process. He asks, What chance is there that the "evolution" will go backward—that "out of this forcible dislocation and abnormal intermixture of all the peoples of the civilized world there may emerge a physical type tending to revert to an ancestral one, older than any of the present European varieties.

In answering his own question he But it represents the other side of supported elsewhere, that crossing between highly developed varieties or types tends to bring about a reversion to the original stock. The greater the divergence between the crossed varieties the more powerful does the reversionary tendency become.

"Many of us," he continues, "are familiar with the evidence, such as the reversion of sheep to the primary dark type, and the emergence of the old wild blue rock pigeon from blending of the fantail, pouter or other varieties. The same law is borne out in the vegetable world, the facts being well known to fruit growers and horticulturists. The more recently acquired characteristics, especially those which are less fundamentally useful, are sloughed off, and the ancestral features common to all varieties emerge from dormancy into prominence."

This suggestion that America may wake up some day and find itself populated with stone age men does not lend itself to popular oratory. It is not the sort of hint that throws audiences into tempestuous applause and causes the reporters to take out their stop watches to time the disorder. It may even provoke resentment here and there.

But it represents the other side of the case, and a constitutionally brave people will not hesitate to give even so painful a possibility a due measure of attention.

If there is a remote chance of our descendants eventually being stone age men, we might as well know it in time. The shock would be too great if it came too suddenly.—Chicago Inter-Ocean.

## Morning Ablutions

"Cyril," said his mother, as they sat down to the breakfast table, "did you wash your face this morning?" "Well, no—mamma," said he slowly, evidently casting in his mind for an excuse, "but," he added reassuringly, "I cried a little before I came down stairs!"—The Delineator.

### WORSE THAN LOT'S WIFE

Adam Bede, the wit of the House at Washington, has a brand new story which is thought worth telegraphing from there. As the veracious Bede tells it—

"Senator Stone and Representative Wood met on Pennsylvania avenue, and stopped to talk a moment. While they were talking, one of these sheath-gown girls came sailing along. She was a vision, all right. What do you think happened?"

"Well, sir, Wood turned to Stone and Stone turned to Wood, and then they both turned to rubber."

### The Fire of Charity

The dispatches of a few days ago contained the following pretty story of a famous judge. The story might well light a similar fire in every heart:

The thin figure of Federal Judge K. M. Landis, author of the twenty-nine million dollar Standard Oil fine, was seen breasting the cold wind of the loop district of Chicago, without an overcoat.

"Hi, there, Judge," shouted a friend, "where's your overcoat?"

"I used it to light a fire," "Used it to light a fire!"

"Yes," said Judge Landis. "I used it to light a fire to keep warm inside of me the spirit of charity that life in a great city like Chicago tends to freeze."

A short time earlier the Judge had sentenced Matthew Aronson to the House of Correction.

The prisoner turned away from the bench and pulled his coat up around his throat.

"Aronson," exclaimed the court sharply, "where's your overcoat?"

"Your honor," said the prisoner. "I ain't got none. That was one of the first things I soaked when I came to Chicago."

"Balliff," said the Judge, "get mine."

### "Y" Meeting Tonight

The "Y" meeting at the W. B. Tedford home on Parton street tonight, will be full of interest, and a large attendance is expected. The marvelous progress of temperance will be considered among other things. The social time at these meetings, which always follows the program, is enjoyable and attractive. All young people invited.

### Walton-Anderson

A pretty home wedding took place last evening, at 720 West Third street, the home of the bride, the contracting parties being Marion T. Walton, son of Elder Walton of 310 Garney street, and Miss Artie A. Anderson, daughter of G. W. Anderson and wife.

The couple were attended by Finis Anderson, brother of the bride, and Miss Jessie Walton, sister of the groom. The ceremony was performed by Elder J. Cronenberger, pastor of the Christian church. Mr. Walton and his wife left on a late car for Los Angeles, where their home had been prepared for their reception.

A humorous after-the-wedding incident was the "hold-up" of the groom. When the car on which Mr. and Mrs. Walton were riding, had reached Van Ness avenue, the motorman and conductor and two young lady friends seized the groom, who, by the way, is an electric car conductor himself, and deluged him with rice as a token of congratulation and wish for plentiful prosperity in the future.

### Epworth League Reception

The Senior, Intermediate and Junior Epworth Leagues of the First Methodist church, united Saturday evening in a reception to Miss Elizabeth Jones of Long Beach, district superintendent of the Intermediate Leagues for the San Diego district, and Mrs. Carpenter of the same place, the head of the Junior work.

The younger members were especially well represented, and the program and entertainment were carried out almost entirely by them. The array of talent which they presented was a revelation, even to the local members, and was greatly enjoyed by everyone. Readings were given by Misses Ruth Visel, Corinne Burns, and Minnie Smith; a class song by Miss Turner's class of girls; piano solos by Gladys Burns, Gladys Neff, and Willa Clevenger; an instrumental duet by Bessie and Olin McCord, and a vocal duet by Laura and Keith Davis. Of the Seniors, Mr. Coffman gave a vocal number and Miss Corle Crane a reading.

After the program the company was divided, the Juniors being given entertainment of their own, and informal stunts were given by various groups formed by handing out numbered slips. The rendering of such selections as "Cheyenne" and "Arrah Wannah" in this way was very amusing. Refreshments of cocoa and cake were served in the basement, and social games rounded out the evening.

### Lusk Recital Tonight

A piano and organ recital will be given at the First Baptist church tonight, at which Mr. Lusk will be assisted by other musicians. Mr. Lusk has given previous recitals in this church, of which he is organist, and has always pleased his audiences.

### Talk-It-Over Club

Tomorrow night the Talk-It-Over Club of the Congregational church will have an open meeting to which the ladies and all others interested are invited. The club will be addressed by Dr. Dorland of Long Beach, on "The Emmanuel Movement" on which he is said to be well informed. There is much interest in this movement and it is likely that Dr. Dorland will have a large audience.

### Club Meeting

The Psychotherapy Club will meet tonight at the residence of Mr. and Mrs. Robert McFadden.

### Special League Services

The Epworth League of the Methodist church was visited last night by a delegation of about a dozen young people from the League of First Methodist church of Los Angeles, who took charge of the service and made a very interesting and enjoyable meeting.

After the close of the regular League service at 7 o'clock the visitors attended the preaching service and again assisted by special music and

a consecration meeting at the close of the sermon.

During the two meetings talks were given by Mr. Topham and Mr. West of the Los Angeles League, followed by the various other members present. Misses Lawrence and Woodham of Los Angeles, gave two vocal duets and Miss Woodham a solo, while Mr. and Mrs. Lester Gleason, of the home people, also sang.

After the close of the meeting the visitors were entertained at Miss Gardner's studio, while waiting for their car, and the two hours passed very pleasantly in renewing old and making new acquaintanceship.

Miss Pauline Worth of Los Angeles and her niece, little Miss Pauline Dykeman of Berkeley, were over Sunday guests at the home of Mr. Abe Roberts, returning to the city last evening.

### Class entertained

Miss Grace Parker's Sunday school class entertained Saturday night at her home in honor of Mrs. Austin's class of the First Baptist church. One merry game followed another and every boy and girl had his fortune told. After refreshments the jolly crowd said goodnight.

recently resulted from the jealousy and suspicion of men are still occupying the attention of medical men and jurists.

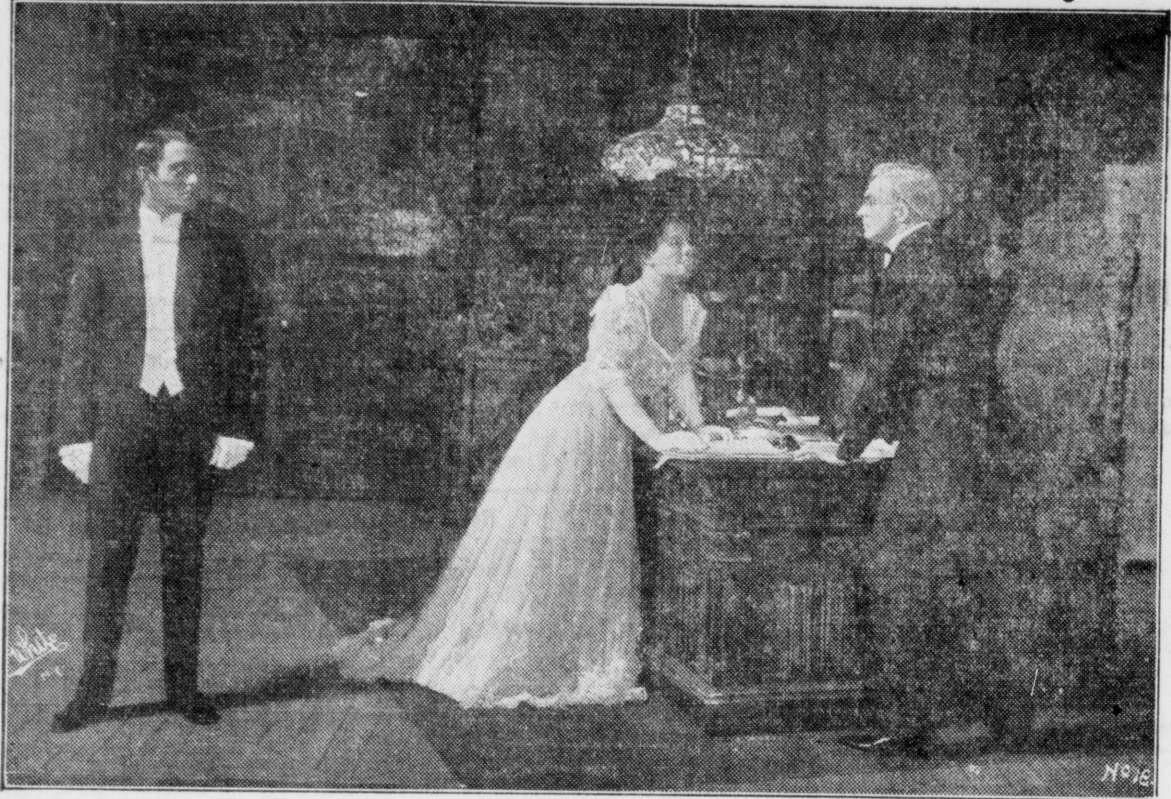

When Shakespeare wrote "The Winter's Tale," in which the story of a man's unreasoning suspicion of his wife is so graphically and terribly portrayed, there was no "unwritten law" discussion before the world. Yet a man's right to defend his home was recognized as thoroughly as it is today. A lavish production has been arranged for the Hanford revival of "The Winter's Tale," which will be seen at the Grand Opera House on Thursday, Jan. 21.

## The Electric Theatre

The Electric Theater is the one standby amusement of our people by virtue of having the best in its line and open and ready for its patrons every night, never any question as to whether there will be a performance tonight or not, and so the public have come to know that they can find good, clean amusement every night at Manager Roberts' theatre. An entire change of bill will be put on tonight and to quote a common remark made by many of the patrons of the Electric Theatre, "The show grows better with every change." Thursday night of this week Manager Roberts will give away a very handsome and costly chair, it is one of the Morris make which makes it one of value. This gift will be given away at 8:15 as the first show will be out at that time.

## Novelty Theater

The Great Denunciation Scene, Act II, "The Lion and the Mouse."

to this city tonight, is the latest musical play from the prolific pens of Will M. Hough and Frank R. Adams, with music by Joseph E. Howard, and has registered an impression upon the Chicago newspaper critics and playgoing public unparalleled in the history of the Windy City's theatrical history.

This play is upon a decidedly higher plane than "The Time, the Place and the Girl," "The Girl Question," and "The Honeymoon Trail," their three last plays, and it has been given a production never equaled in Chicago theatrical productions.

Heretofore the plays of these authors have been full of slang and dealt with incidents in the lives of the middle class working people; but in "A Stubborn Cinderella" they have chosen college boys, the unsophisticated daughter of a Scottish earl, and various other representatives of a smarter class of society for their principal characters.

## "The Lion and the Mouse"

The firm favor held throughout the entire country by Charles Klein's great American drama, "The Lion and the Mouse," has placed it upon an equal plane of popularity with

Belle Barron, the clever comedienne, and the Two Normans, the world's greatest team of acrobats, the Burnetts, sketch team, Leslie Forest, the man with three voices, Harry Smith, the "human sledge hammer." It is the aim of the management to give good, clean and moral shows and secure the best talent that can be produced.

## The Girl of the Golden West

David Belasco's greatest play, "The Girl of the Golden West" will be revived on a scale of unprecedented elaborateness at the Los Angeles Belasco Theatre this week. This is the great play that broke the world's record for stock company attendance when it was produced at the Belasco Theatre last year, and when it ran to crowded houses for over eight weeks, delighting over a quarter of a million theater goers.

"The Girl of the Golden West" is distinctly a California play,—the locale is Cloudy Mountain in the northern part of the state at the time of the discovery of gold. The people of the play are the men and women who were found in California mining camps at that time.

## Catarrh Cannot be Cured

—With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

# EXCURSION TO LINDSAY

## Queen of the Orange District

TUESDAY, JAN. 25, AT 5 P. M.

We leave over the Southern Pacific for the great Lindsay district, the tried and proven orange country.

This is your opportunity to see the orange lands that will double in value in a very few years, not because we say so, but because you will get the facts and figures while there from the people engaged in raising oranges, that will convince you.

We claim and can demonstrate the following points of superiority over the Southern and older orange districts.

1st. Better and more uniformly suitable soil.

2nd. More abundant and cheaper water.

3rd. Cheaper land, about one-third to one-half less.

4th. No insects, scale, smut or diseases.

5th. Cheaper cost of producing oranges.

6th. Earlier ripening, about six to eight weeks.

7th. Better oranges, in size, color, weight, form, flavor and keeping qualities.

8th. More rapid and thriftier growth of trees, and therefore heavier and better fruit.

9th. Absence of fogs, and a pure dry atmosphere, so necessary in the growth.

We own and control the lands we offer for sale, and can give the lowest price and arrange terms to suit. Our lands are divided in 10 and 20 acre tracts, all near town and the packing houses.

Fare for the round trip only \$10. We travel during the night, so lose no time and spend one or two days right on the ground.

Plan to go with us next Tuesday. Remember the day. You will never regret the trip. A grand chance to see for yourself. Address us for full particulars.

In the Superior Court of the County  
of Orange, State of California.  
In the matter of the estate of Floy  
S. Gearhart, deceased.

Notice is hereby given that in pur-  
sue of an order of the Superior  
Court of the County of Orange, State  
of California, made on the 8th day of  
January, 1909, in the matter of the  
estate of Floy S. Gearhart, deceased,  
the undersigned administrator of said  
estate, will sell at private sale to the  
highest bidder for cash, lawful money  
of the United States, as provided by  
law and subject to confirmation by  
said Superior Court, on or after the  
28th day of January, 1909, all the  
right, title, interest and estate of the  
said Floy S. Gearhart, at the time of  
her death, and all the right, title and  
interest that the estate has by opera-  
tion of law or otherwise acquired other  
than or in addition to that of the  
said Floy S. Gearhart, at the time of  
her death, in and to all those certain  
lots, pieces or parcels of land situate,  
lying and being in Orange county,  
State of California, and more particu-  
larly described as follows, to-wit:

The southeast quarter (S. E. ¼) of  
the southwest quarter (S. W. ¼) of the  
northwest quarter (N. W. ¼) of Section  
9, township 5 south, range 10  
west, S. B. B. & M.

Bids for the above described real  
estate must be in writing and will be  
received at any time after the first  
publication of this notice, and before  
making said sale, and said bids may  
be filed with S. M. Davis, in the Dis-  
trict Attorney's office in the County  
Court House, Santa Ana, Orange county,  
California, the attorney for said  
administrator.

Terms and conditions of sale: Ten  
per cent of the purchase price payable  
on acceptance of bid and the balance  
on confirmation of sale by said Su-  
perior court.

Dated January 11, 1909.

A. R. GEARHART,  
Administrator of said Estate.

## PETITION UP FOR TONIGHT

Automobilists Ask That Speed  
Ordinance Be Changed  
and Signs Posted

The city council tonight will receive a petition from a committee of the Santa Ana Automobile Club asking that the speed ordinance be revised and signs placed on the different streets of the city showing the speed limits. The posting can be done under the present ordinance. The principal change that will be necessary in the ordinance will be the regulation requiring automobilists to go to the center of the street in turning corners. The limit proposed by the club is six blocks from Fourth and Main, ten miles per hour; outside that, fifteen miles.

## SAN PEDRO ASKS SUPPORT OF McCARTNEY BILL

SAN PEDRO, Jan. 18.—After the passing of resolutions by the Chamber of Commerce of this place approving the Savage bill of consolidation, the consolidation committee of San Pedro has passed a counter resolution supporting the bill introduced in the Senate by Senator McCartney, and in the House by Assemblyman Walter Leeds permitting consolidation by a majority vote in each city. This committee represents 580 out of 723 votes cast at the recent general election.

## GAMBLING CLUB RAIDED; EVIDENCE DISAPPEARS

LOS ANGELES, Jan. 18.—The Apex Club, at 118 1/2 South Spring street, with which Eddie Morris, a politician, has been identified, according to the police, was raided early yesterday morning. Fifteen men, charged with gambling, were arrested, but during three hours lounging in the corridors of the police station three of them escaped with the dice, chips and other evidences of gambling.

The club is one that has boasted of immunity during the last year.

## THE SYBIL MARSTON IS STILL STRANDED

SANTA BARBARA, Jan. 18.—The revenue cutter McCulloch arrived here yesterday from Surf, where she has been standing by the wreck of the steam schooner Sybil Marston, and brings word that the stranded vessel is still resting in the same position on the beach, no attempt having been made to get her off. The McCulloch has run short of coal and came here for a supply. As there are no coal bunkers located here, it is probable she will have to go on to San Diego.

## HAD A WRECK GOT TEN DAYS HAS DIME LEFT

Restaurant Cook, Formerly a  
Sailor, Meets Disaster  
Pure and Simple

Alex. Johnson is a man of the sea and he takes to water like a duck. He also takes to alcohol pure and unadulterated. Saturday night he quit his job washing dishes at Arnold's restaurant with \$4.60 in his jeans. He spent four-bits for alcohol, and the hilarity he drew out of the liquid caused him to propose to the Salvation Army speakers that he do a dance that would attract a crowd. Marshal Edwards gathered him in and placed him in the city jail.

Being a sailor, Johnson believes in wrecks. He decided to wreck the interior of the city jail, and he carried out his program insofar as the material at hand allowed. Among other depredations he broke the chain and rod on the flusher, with the result that the floor of the jail was soon under water. Johnson climbed to the top of the cell, and there he was perched when the officers found him.

He was taken before City Recorder Willson, who fined him \$4 for drunkenness. That left him a dime. He was then charged with malicious mischief for damaging the city jail. Justice of

## MAKING A STUBBORN FIGHT ON COMPULSORY VACCINATION

LONG BEACH, Jan. 18.—It was decided at a meeting of the school board recently to send Superintendent of Schools Jas. D. Graham to Sacramento, to use all the means in his power to help the passage of the anti-vaccination bill which is to be considered by the solons very soon. Prof. Graham left for the north last night, all his expenses being paid by the school board.

In Sacramento he will be aided by Attorney E. C. Denio, President Hatch, of the Chamber of Commerce, and Assemblyman Bardollar, of Long Beach. Messrs. Denio and Hatch went to Sacramento mainly to lobby for the good roads, but will make it their business to see that their views on the practice of vaccination are given to the legislature.

the Peace Smithwick sent him across the alley for ten days for that offense.

## CIVIC LEAGUE MAY BE AFTER A SCALP

Mayor Harper and His Acts to  
Be Considered at Municipal Meeting

LOS ANGELES, Jan. 18.—A meeting of citizens has been called by the executive committee of the Municipal League of this city for next Wednesday afternoon to deal with what the notice for the meeting designates "A serious crime with respect to our city government."

This call is reported to relate to Mayor Harper and his administration and particularly the recent appointment of Edward Kern to the Board of Public Works.

It will be claimed, it is said, that the appointment of Kern, who favored the river-bed franchise, and who is a corporation-serving man, has been a serious blow. Another cause of complaint is that the mayor has used his office to promote stock schemes. An interesting session is expected.

## LIQUOR ZONE CASE FINALLY SETTLED

LOS ANGELES, Jan. 18.—By the denial of an application for a rehearing of the Los Angeles "liquor zone" case, the supreme court of the state has blocked the final move of liquor interests to attack the right of the city, in the exercise of its police powers, to regulate liquor establishments.
